Step 6	click on select person name or number on whatsapp page to oepm chats application	user should able to open successfully
Step 7	click on chats column and tab on setting icon indicating top of keypad	user should able to open setting page under keypad
Step 8	click on the languages and types for languages selection and tab ok	user should able to select secondary languases successfully

### 1.3 Test ID : 26 - Verify that user can send and receive images, audio, video, emoticons in group chats.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can send and receive images, audio, video, emoticons in group chats.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

## Description

user can send and receive images, audio, video, emoticons in group chats.

### 1.3.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should brwser
Step 2	open URL.https://www.whatsapp.com/download/	user should able to see whatsapp download

Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on group name on you chats list	user able to open selected goup on chats list
Step 7	click on chats keypad to write text message	user able to type successfully
Step 9	click on chats keypad and select the attachment icon and tab gallery or audio to select images .audio.or video emoticons	user able to chose images audio or video open fine
Step 10	select the particuler images ,audio . video or emoticons and tab on ➤ button to send	user should able to send successfully

## 1.4 Test ID : 25 - Verify that user can send and receive images, audio, video, emoticons in chat to individuals.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can send and receive images, audio, video, emoticons in chat to individuals.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

### Description

user can send and receive images, audio, video, emoticons in chat to individuals.

### 1.4.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should open
Step 2	open URL.https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on person name or number on you chats list	user able to open selected person on chats list
Step 7	click on chats keypad to write text message	user able to type successfully
Step 8	click on enter button to send text message	user should able to send a text message successfully

Step 11	click on person name or number to open chats page	user able to open chats page fine
Step 12	tab on select images .audio or video to download	user should able to download select images . audio or video the he received successfully

## 1.5 Test ID : 24 - Verify that user can send and receive message in group chats.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can send and receive message in group chats.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

### Description

user can send and receive message in group chats.

### 1.5.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should brwser
Step 2	open URL.https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on selected group name	user able to open group chats page
Step 7	tab on chats coulum write meassage and click on enter button	user should able to write and able to send meassage successfully

## 1.6 Test ID : 23 - Verify that user can create a group adding multiple person from his contact list.

Field Label	Field Value	Field Label	Field Value
-------------	-------------	-------------	-------------

Test Name	Verify that user can create a group adding multiple person from his contact list.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	new group add participants

## Description

user can create a group adding multiple person from his contact list.

### 1.6.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should open
Step 2	open URL.https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on hamburger button	user should ablr to see hamburger page open
Step 7	tab on new group icon	user shoul able to open new group application
Step 8	tab and select contact number or name by person from new group	user should able to select contact number or name from new group fine
Step 9	clcik on the green box indicating 	user should able to open the select person with new group page
Step 10	provide a group subject and optional group icon and group name	user should able to type group subject and optional group icon and group name successfully
Step 11	click on green box indicating right check mark 	user should able to comfrom new group successfully

### 1.7 Test ID : 22 - Verify that user can share or receive a contact with the other person.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can share or receive a contact with the other person.	Type	MANUAL
Designer	alm12()	Creation Date	1/6/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

## Description

user can share or receive a contact with the other person.

## 1.7.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should browser
Step 2	open URL.https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click name or number from chats list	user able to open chats list fine
Step 7	click on attachment icon	user should able to open attachment page
Step 8	tab on contact icon	user should able to open contact list fine
Step 9	select name or number from contacts list	user able to selects number or name from contacts list
Step 10	click on green icon 	user should able to send contact number to other person fine

## 1.8 Test ID : 21 - Verify that user can check the message delivered and read time for a message in the Message Info section.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can check the message delivered and read time for a message in the Message Info section.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

### Description

user can check the message delivered and read time for a message in the Message Info section.

## 1.8.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should open
Step 2	open URL.https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application

Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on select number or person to open the whatsapp chats page	user should able to open whatsapp chats page successfully
Step 7	click chats list to check the message delivered and read time for a message in the Message Info section.	user should able to see message delivered and read time for a message in the Message Info section successfully

## 1.9 Test ID : 20 - Verify that clicking a chat in the chat list opens a new window containing all the chats received and sent with the other person

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that clicking a chat in the chat list opens a new window containing all the chats received and sent with the other person	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

### Description

user able to see that clicking a chat in the chat list opens a new window containing all the chats received and sent with the other person

### 1.9.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should open
Step 2	open URL..https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	clicking a chat in the chat list opens a new window containing all the chats received and sent with the other person	user should able to see all requirment seen

## 1.10 Test ID : 19 - Verify that Chats window contains all the chat list with DP and name and last message preview of the other person with whom chat was initiated.

Field Label	Field Value	Field Label	Field Value
-------------	-------------	-------------	-------------

Test Name	Verify that Chats window contains all the chat list with DP and name and last message preview of the other person with whom chat was initiated.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

## Description

user able to see that Chats window contains all the chat list with DP and name and last message preview of the other person with whom chat was initiated.

### 1.10.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should open
Step 2	open URL.https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	Chats window contains all the chat list with DP and name and last message preview of the other person with whom chat was initiated.	user should able to see all Chats window contains all the chat list with DP and name and last message preview of the other person with whom chat was initiated successfully

### 1.11 Test ID : 18 - Verify that user can send message to any individual selected from his contact list.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can send message to any individual selected from his contact list.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

## Description

user able to send text message to any individual or contact list

### 1.11.1 Design Steps

Step Name	Description	Expected Result
-----------	-------------	-----------------

Step 1	launch browser_chrome	chrome_web page should browser
Step 2	open URL..https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on home page indicatong green sign meassage icon	user should able to open meassage icon list
Step 7	select contact number or name from contact list	user should able to select number or name from contact list
Step 8	write meassage on selected contact number and click on enter	user should able to send meaggase fine

## 1.12 Test ID : 16 - Verify that user can update existing DP and WhatsApp status.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can update existing DP and WhatsApp status.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

### Description

ESS user able to update from existing whatsapp status to new status

### 1.12.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should browser
Step 2	open URL..https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on status tab	user should able to open status fine
Step 7	click on my status	user able to open my satus fine
Step 8	select DP from images list	user able to select DP from images fine

Step 9	tab on green icon (  ) to upload	user should able to upload existing DP to new DP
--------	---	--

## 1.13 Test ID : 14 - Verify that user can set DP and status on WhatsApp.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can set DP and status on WhatsApp.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp chats, status .calls. select contact

### Description

ESS user able to set display picture on status whatsapp account

### 1.13.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should browser
Step 2	open URL.https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on status tab	user should able to open status fine
Step 7	click on my status	user able to open my satus fine
Step 8	select DP from images list	user able to select DP from images fine
Step 9	tab on green icon (  ) to upload	user should able to upload DP fine

## 1.14 Test ID : 13 - Verify that user can check data usage by images, audio, video and documents in WhatsApp chats.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can check data usage by images, audio, video and documents in WhatsApp chats.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp setting

## Description

ESS user can check data usage by images, audio, video and documents in WhatsApp chats. on under his or her whatsapp account

### 1.14.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should open
Step 2	open URL..https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on hamburger button	user should ablr to see hamburger page open
Step 7	click on setting button to open whatsapp setting	user able to open setting
Step 8	click on data and storage usage icon	user should able to check data usage by images, video and document successfully

### 1.15 Test ID : 12 - Verify that user can disable and delete his WhatsApp account.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can disable and delete his WhatsApp account.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp setting

## Description

user can disable and delete his WhatsApp account. on under his or her account

### 1.15.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should open
Step 2	open URL..https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application

Step 6	click on hamburger button	user should ablr to see hamburger page open
Step 7	click on setting button to open whatsapp setting	user able to open setting
Step 8	click on account icon	user able to open his whatsapp account icon
Step 9	tab on delete my account	user should able to see delete my account page open
Step 10	click on Red icon indicate and tab ( delete_my_account )	user should able to delete his whatsapp account successfully

## 1.16 Test ID : 11 - Verify that user update his phone number that is used by WhatsApp application.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user update his phone number that is used by WhatsApp application.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp setting

### Description

ESS user update his phone number that is used by WhatsApp application.

### 1.16.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should open
Step 2	open URL.https://www.whatsapp.com/download/	user should able to see whatsapp download
Step 3	click on teb button for download	user able to download the whatsapp application
Step 4	prvide valid contact number to set whatsapp account	user ablr to set whatsapp account with valid contact number .
Step 5	provide verification code to open whatsapp application	user should able to type verification code to open whatsapp application
Step 6	click on hamburger button	user should ablr to see hamburger page open
Step 7	click on setting button to open whatsapp setting	user able to open setting
Step 8	click on account icon	user should ble to open whatsapp account
Step 9	click change number icon	user should oprn changed number tab
Step 10	tab on green box say <b>NEXT</b>	user should able to open change number applications
Step 11	Enter valid old number with country code	user should able to type his old number successfully
Step 12	Enter valid new phone number with country code	user should able to type his new phone number

Step 13      click on green box say **next** and click comfrom      user should able to update his new number successsfully

## 1.17 Test ID : 10 - Verify that user can take the complete chat backup of his chats.

Field Label	Field Value	Field Label	Field Value
Test Name	Verify that user can take the complete chat backup of his chats.	Type	MANUAL
Designer	alm12()	Creation Date	1/1/20
Execution Status	Passed	Subject	whatsapp setting

### Description

ESS user can take the complete chat backup of his chats. on wahatsapp web

### 1.17.1 Design Steps

Step Name	Description	Expected Result
Step 1	launch browser_chrome	chrome_web page should open
